

simple 18 Inter

Single track sliding doors with top carriage system

Pathway door system with board construction. Designed for 18 - 22 mm fillings.

The system comprises of top carriage and single top track Simple Inter. Top Carriage is based on the highest quality of ball bearings combined with special composites enabling a smooth and silent slide.

There is the choice of two types of top track: for ceiling or wall fixing with the help of our specially lengthened side wall.

The stopper serves an important role - precisely positioning the door when open or closed.

Simple 18 Inter is available at a very competitive price and is easy to assemble.
